

GO AUTONOMOUS

V22 NAUTILUS WITH GENERATOR AND WATER TANK

V12S NAUTILUS WITH GENERATOR

Nautilus **DUST**

The mobile All-in-One solution

For maximum autonomy on construction sites or areas without water and electrical connections, our dust controllers are also available with a generator and/or water tank. This flexible All-in-One system, called “Nautilus”, is self-sufficient and keeps the dust under control in any situation.

The Nautilus solution can be assembled in three simple steps, depending on requirements and needs. One chooses:

1 DUST CONTROLLER

2 GENERATOR

3 WATER TANK

Autonomous All-in-One solution
with dust controller, generator and/or water tank

Dust controller: **V12s, V22**

Dimensions water tank: **sizes on request**

Dimensions generator: **to be selected according to the size of dust controller**

Typical Applications:

Demolition, construction sites, open-pit mining, quarries and other applications where neither water nor electricity is available
